

Black Ointment

Stock #1696-9 (1 oz.)

Black Ointment is a drawing salve for pulling out foreign debris or toxins from cuts or wounds. Black Ointment contains beeswax, herbs, and oils which, combined together, fight infection, help tighten and tone skin tissues, and promote quicker healing.

Black Ointment is commonly used on abrasions, abscesses, acne, athlete's foot, bites/stings, boils, carbuncles, cysts, cuts/scratches, fungal infections, skin cancer, skin infections, splinters, sores, tumors and warts.

Black Ointment contains olive oil, chaparral, lobelia, comfrey leaf, golden seal root, plantain, red clover, mullein, marshmallow root, chickweed, myrrh gum, beeswax, pine tar and vitamin E oil.
